Wines

Red - Montepulciano d'Abruzzo

Wine made from Montepulciano grapes. Ruby red in color, it is smooth and fresh, with balsamic and spicy notes. Fruity, with light tannins.

Excellent when paired with cheeses and grilled dishes, perfect for enjoying with friends. Best served slightly chilled, especially during the summer months.

- Aged 6 months in steel tanks
- Manual harvesting
- Gentle pressing of the grapes, maceration for 20 days in small stainless fermenters.
- Fermentation at controlled temperature

Available formats: 0.75lt bottle  Available for shipment worldwide

 Produced in Italy

Via san Pietro, 8, 66010 - TOLLO (CH) - Abruzzo

Wines

Rosé - Cerasuolo d'Abruzzo

Wine made from Montepulciano grapes. Cherry-pink in color, it is fresh and aromatic, with notes of fresh fruit such as strawberry and cherry.

The perfect summer wine, ideal with pizza enjoyed with friends, and also recommended with fish soups, appetizers, and white meats for a romantic dinner with your loved one.

- Manual harvesting
- Gentle pressing of the grapes.
- Fermentation at controlled temperature in small stainless tanks.

Available formats: 0.75lt bottle  Available for shipment worldwide

Wines

White - Trebbiano d'Abruzzo

Wine made from Trebbiano Toscano grapes. Fresh and well balanced, it is characterized by good persistence.

Mineral and floral with citrus notes, it retains the same freshness and minerality on the palate.

Perfect with fish and white meats, and ideal for a convivial aperitif.

- Manual harvesting
- Gentle pressing of the grapes.
- Fermentation at controlled temperature in small stainless tanks.

Extra Virgin Olive Oil

Blend

Extra virgin olive oil obtained from a selection of olive varieties, including both native cultivars from the Abruzzo region and nationally grown varieties.

A blend with a delicate, pleasantly smooth flavor on the palate. Lightly fruity, it preserves the full freshness of the olives.

Recommended for both raw use and cooking, it is well suited to a wide range of culinary applications. Excellent on roasted meat and fish.

- Manual harvesting
- Stone first cold press
- Filtered

 Available formats: 0.25lt and 0.5lt bottles, 5lt, 3lt and 1lt cans
 Available for shipment worldwide  Produced in Italy

Extra Virgin Olive Oil

Monocultivar "Gentile"

Produced exclusively from olives of the Gentile di Chieti variety. This is a late-ripening cultivar, with drupes ranging in color from green to violet.

The oil, green in color, features a medium-intensity fruitiness. On the palate, it offers notes of fresh grass and artichoke, with a delicate mouthfeel. Elegant, with a well-balanced harmony of bitterness and pungency.

Recommended for raw use on cheeses, soups, and vegetables.

- Manual harvesting
- Stone first cold press
- Filtered

Gold Medal - Japan Olive Oil Prize 2025

Grape-derived products

Mosto Cotto (Cooked Must)

Made entirely and exclusively from Montepulciano grapes. It is a natural syrup obtained by slowly boiling down fresh grape must. From 100 liters of grape must, 20 liters of cooked must are produced.

A traditional product of the Abruzzo region, used both in desserts and as a topping for ice cream. Recommended with both fresh and aged cheeses. Excellent as a dressing for salads.

No sugars, thickeners, or preservatives are added

Available formats: 0.25lt bottle

Available for shipment worldwide  Produced in Italy

Grape-derived products

Grape Jam

Made entirely and exclusively from Montepulciano grapes. This variety, typical of the Abruzzo region, is a black grape, very rich in polyphenols and resveratrol, with a slightly tannic taste.

Cooked at low temperature and under pressure, it preserves all the freshness of the grapes.

It is the traditional jam of the Abruzzo region, also used for tarts and typical desserts.

No sugars, thickeners, or preservatives are added.

 Available formats: 220 gr jar

 Available for shipment worldwide  Produced in Italy

Grape-derived products

Grape Juice

It is an extract made exclusively from 100% montepulciano grapes.

A very healthy product, as it is rich in polyphenols.

Grape juice is highly energizing due to its high potassium and iron content.

If it appears too dense, it is recommended to dilute it with water.

No filtered.

No sugars, thickeners, or preservatives are added.

 Available formats: 0.2 lt and 0.75 lt bottles.

 Available for shipment worldwide  Produced in Italy
